Semi-finished products

Welcome to

Galvanotechnik Breitionen GmbH & Co. KG

Established in 1992 Galvanotechnik Breitionen is your specialist in plating technology with reputable customers in Germany and Europe. With branches in East- and West-Germany and about hundred employees we produce high-quality surface coatings to plastic and metal parts.

Galvanotechnik Breitionen produces about 20.000.000 components every year. With several fully automated production lines we are able to offer you high-quality electroplating at an affordable price.

With our state-of-the-art-technology we offer you small series electroplating and rack electroplating. Our customers are in the automotive sector, bathroom and furniture industry as well as in the electrical industry.

Industry

Quality

It is our goal to ensure highest customer satisfaction by a maximum of quality. Therefore our highly qualified employees regularly control all production processes. In our laboratory we daily review our waste water and the individual steps of production are constantly monitored by standardized testing and measurement procedures.

We are certified according to DIN EN ISO 9001:2008 and DIN EN ISO 14001:2009.

CERTIFICATE

Environment

Galvanotechnik Breitungen regularly invests in new water and environmental engineering to purify waste water and exhaust air. This contributes to saving energy and to reduce pollutants. We received numerous awards for our environmental research.
